

## YOUTH AND YOUNG ADULTS GROUP

During 2023 the youth and young adults group met through Zoom and in-person, although most meetings were in-person after church on Sundays. During our meetings we played games; learned various arts and crafts such as knitting, crochet and beading; watched movies; had many discussions; and ordered a few pizzas. We also helped at some church activities including the Christmas Market and participated in the church open house activity. An ongoing project is the completion of a chainmail shirt made of pop-can tabs during which we discussed the bible passage describing the amour of God. Donations of pop-can tabs are welcome as we'll be working to complete the project in 2024.

The youth and young adults continue to be very involved in the church service, participating in choir, serving, greeting, reading and live-streaming and then meet after church for some fellowship and fun.

Looking forward to 2024 we are planning to continue to participate in services, meet Sundays after church and perhaps arrange an outing or two.

Respectfully submitted,

Carol Ambler
